Our annual drive is from April 15th to June 15th this year. We wish to do the cleaning up from April 15th to May 15th and the beautifying and fix up from May 15th to June 15th. We realize the year has not cooperated for some phases of the work and trust it will be better for the balance of the drive. Please do all you can during this period to get Grayling looking nice.

Will all workers please see that their area is canvassed this coming week and the window signs to display in the home occupants to display in their front windows?

We would like to see one in every home and business place in Grayling. The tourists also will notice the window plaques and realize the drive is a success.

Steve DuBois

Dave Madsen

American Legion Wolverine Boys' State is a program for the young citizens of America. Its purpose is to develop the responsibility of leadership; to provide the advantages of citizenship; and to promote the art of clean sportsmanship. American Legion Wolverine Boys' State is not a schoolroom activity, but is designed as a practical experience in the problems of self-government as operated in Michigan. It is not meant to take the place of Civics or Government courses in high schools. The boys may put the theories of American Government into actual practice as they are taught in the classroom. This is done through the actual control of the city, county and state offices as organized under the plans of the "Mythical 51st State." Qualifications for Boys' State candidates are a good character, mental alertness, enthusiasm, honesty and thriftiness, good sportsmanship, ability to get along with others, leadership.

Grayling Jaycees To Get Charter June 14th

On May 18, in the City Council Room at City Hall the Grayling Area Jaycees were formed. Two meetings had been previously held to determine the need and the desire to have this organization in Grayling. The need for any organization that helps the people and the community was and is always there. The desire of the twenty some men in the organization to help was and is still there.

At the May 18 meeting a constitution was adopted, by-laws accepted and officers elected. Officers are: Larry Gust, President; Norman Sorenson, 1st Vice-President; James LaGrove, 2nd Vice-President; Carl Hatfield, Secretary, and Clare (Skip) Madsen, Treasurer.

June 4th was set as the date for Charter Night. This is the night that the organization officially becomes a part of the International Jaycees Association. A banquet is planned for the occasion.

No projects have yet been started by the group but it is hoped that Grayling will soon feel the benefits of having the Grayling Area Jaycees among them.

The next meeting will be held Wednesday, May 25, in the City Council Room at City Hall. All interested persons between the ages of 21 and 35 are invited to attend.

Name Chosen for Housing Facility

Mrs. Evelyn Klein's and Mr. Carl Minor's English classes submitted names and themes for the Grayling Housing Commission for the new housing project for the elderly and low-income families to be built on the south side in Grayling. A number of very good entries were submitted. The judges decided not to name the project after any one individual rather to try and select a name that would be different from any other one listed in the Public Housing Manual of projects which are now in existence. The one selected was numbered 155, which turned out to be Deann Klemp's entry for "Ausable Acres". She says it is made up of the first four letters from our famous Ausable River and the first three letters from Grayling. This is the area in which the development will be built and she thinks it would make people stop and think of what it means. This we agree, and it would be a nice appropriate name and certainly one that no one else will have. Congratulations to Deann for the name chosen. For this, she won the \$10.00 prize.

The director and members of the group are: Harry Travis, resigned as secretary and Carol Kolka is the new secretary. Elected as alternates to attend the cluster meetings were Don Burkett, Connie Kellogg, Arthur Thayer and Elmer Fenton.

Albert Benson of CMU, Mount Pleasant assistant to Charles Owen is the new director.

SCHOOL DISTRICT REORGANIZATION FOR FREDERIC AND GRAYLING SCHOOL DISTRICTS

There are many reasons why Frederic and Grayling should reorganize to form one new school district.

The most important are:

1. To increase the educational opportunities for boys and girls.
2. To provide a broadened more enriched program of education.
3. Today's parents demand that

1. More courses to fit the needs and abilities of the students.
2. School wide guidance and counseling.
3. Remedial Reading.
4. Expanded Band and Vocal Music.
5. Speech and Dramatics.
6. Arts and Crafts.

The graduates of today's schools must be able to compete with students from all areas of the United States.

We as adults must see that they have the same opportunities as students from large districts.

We can do this by:

- Providing adequate buildings.
- Providing adequate facilities and equipment.
- Providing highly competent and properly certified teachers.
- Providing an adequate staff so that we may offer a wide variety of courses and special services so that all students will be encouraged to remain in school and graduate.

Reorganization Means:

All the people in the county working together to improve the educational facilities of the county.

CITY POLICE ARREST TWO, TICKET PAIR

These two have appeared or will appear in Justice Court in the near future before Justice Olin Williamson.

On May 22 at 7:15 p. m. Grayling City Police and Sheriff's Deputies arrested Clarence Bernard Raymond, 18, of Grayling, and a 16 year old youth for disorderly conduct, to wit indecent exposure and relieving themselves on the street. The 16 year old youth is being taken into Probate Court before Probate Judge Emil Kraus. The two admitted to having several beers prior to their arrest.

Philip Mark Bates, 17, of Wayne, who had been arrested by City Police May 16th and charged with auto theft, appeared before Circuit Court Judge O'Keefe on May 23rd, where charges of auto theft were dropped as Police upon further investigation had verified the fact that Bates was too drunk to have knowledge that the car was stolen or that he was in the vehicle. After dismissal of charges in Circuit Court before Justice Williamson where he pleaded guilty to the charge of drunk and disorderly, was fined \$60 and \$15 costs or given 60 days in jail. Fine and costs were paid.

The annual Sports Car Races in Grayling were held last weekend at the Grayling Air Base. The weather couldn't have been better! The temperature climbed to the high 70's, almost too warm for comfort. The sky was clear and a light breeze wandered across the track.

About 10,000 spectators and racing fans turned out for the event, not to mention the many drivers, their families and crews.

Nearly 100 cars registered for the races, representing about a half dozen states. They ranged from the larger Class A production cars to the very small "F. Vee's." There were Ford Cobras and Mustangs, Porsches, Alfa Romeos, Lotus Super Sevens, Triumphs, Austin-Healeys, MG's and B's, Sprites, Jaguars, Sunbeam Alpines and Tigers, and even a couple of Chevrolet Corvairs to mention a few of the production cars and as many modified and home-built machines.

For the drivers and crews the weekend started Friday afternoon with registration and technical inspection of the cars. Saturday morning registration continued and Driver Practice began about 10:30 and the cars were in the track.

A large crowd was on hand Saturday afternoon to watch Driver Practice which allows the drivers to try the track, familiarize themselves with the course and to make last-minute adjustments and tuning. Saturday afternoon the cars were making time-trials which determined their starting positions on Sunday.

Late Saturday afternoon the Formula A.B.C. and F Vee race was run with about 20 entrants. The "Formula" cars are very small, barely have room for the driver. The engines are mounted in the rear, they have no fenders and the body is hung very low between the wheels. These cars are designed strictly for track competition, not for street use, as are many of the other sports cars.

Sunday's races started at 12:45 and continued through the afternoon. The spectators area was packed. Young and old alike seemed to be having a good time.

The program was well-planned, no serious accident occurred at the track, and all went well. The weekend was a credit to everyone who participated in the arrangements and support of the event.

It is unusual for a city the size of Grayling to have a National Competition as colorful and thrilling as the "Sports Car Races".

From All Points Of The Compass . . .

Inflation news is coming in from all the points of the compass nowadays.

For instance, says a Herald Tribune News service patch, wholesale prices took a big jump in February, according to the Department of Labor. It was the biggest for any February in all of 16 years. And it "skipped" the closely-watched price inflation barometer 4.1 percent above its year-ago level.

Government spokesmen, the report goes on, express hope that the wholesale price index may soon stop upward surge. Just about everyone will concur in that. But, as past history has proven, this may turn out to be whistling in the dark, and the forces which are now shouldering prices and costs upward may prove irresistible.

The ordinary citizen, worriedly watching further gradation of the dollar can only hope for the best. Each of those dollars buys a little less each month. And there can be small doubt that this will continue so long as we attempt to fight a major war, declared or undeclared, and with it carry on welfare programs of unprecedented scope and cost. It cannot be too often repeated that in this way we create new classes of poor at a time when a major governmental purpose is to combat and eliminate poverty.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

May 27, 1943

With the appointment of Roy Trudgeon as Chief Air Raid Warden, and Dr. Stanley Stealy as chief of the emergency medical division of the Crawford County Citizens Defense Corps has completed its staff organization. Roy Trudgeon fills the vacancy left by Frank Bond, who resigned some time ago. Other staff members are: George Granger, Chief of Utilities Division; Middle LaMotte, Chief of Fire Division; John Papendick, Chief of Police division; A. J. Nelson, Chief of Public Works Division; William Cornell, Deputy Commander and Controller; O. P. Schumann, Personnel Officer. Volunteers who wish to take their place in civilian defense are urged to get in touch with the chief of the division in which they want to serve. Test blackouts are scheduled for this summer.

With rationing the highlight of discussion in informal social gatherings, reputations are no longer at stake.

Dehydrated foods are here to stay, and go, aren't they flavorful and delicious? Wonder why they weren't thought of before.

Nearing the end of the second full month of meat rationing, the conservation department's fourteen state fish hatcheries are still operating, and continued operation on a week-to-week basis is planned. When meat rationing began March 23, severe restriction, or suspension of the fish hatchery program was believed probable. But the supply of horsemeat has held up surprisingly well and the stock of other meat products has been sufficient for current restricted operations, but never enough for accumulation of any reserve. According to Fred A. Westerman, chief of the department's fish division, sudden suspension of the hatcheries' meat supply would cause no serious loss, as the fish always can be planted in the lakes and streams. Premature plantings could not be expected to have so high a survival rate, however.

With spring now here and summer coming soon, most of us have put all thoughts of last winter's snow shoveling from our minds, but perhaps some would like to know how much snow they really did shovel. Ronald Bird of the Forest Fire Experiment Station, Roscommon, has informed us that from September and until May 1st, 105.10 inches of snow were recorded. The snow fall of the year previous was 79 inches. Mr. Bird also states that this winter was the heaviest snowfall recorded at the station since it was opened eleven years ago. The record previous to the '42-'43 winter was 83 inches of snow. — Roscommon Herald News.

John who was severely injured in an airplane crash several weeks ago is recovering nicely from his injuries and is looking fine. He is very happy over the fact that he is receiving his lieutenant's commission on his return to Roswell Field. Mrs. Selesky, who had gone to New Mexico a few days previous to the accident, had remained there and nursed him back to health. When John returns to his post of duty, Mrs. Selesky and their children will go with him and take up their residence there.

Asked about fishing, Harold Edwards said he had been out once this season and that he and Claude Cardinal caught 14 trout. The smallest of these, he said, was 12 inches and the largest 18 inches. And then on top of that, he said all were brook trout. That was a grand catch. Of course they aren't telling everyone where they got them.

Chamber of Commerce Minutes

Regular meeting Grayling regional Chamber of Commerce May 13, 1966 - Penguin Inn.

Members present: Billie Forbes, Bill Kraus, Chuck Kroll, John Latuszek, Ed Rutkowski, Sandy Thompson, Sal Truettner, and Bill Tufts. Members absent: Don Welser.

Guests: Harry Collins, Manager, Otsego County Chamber of Commerce and Marilyn Longworth. Also present: Earl "Chum" Longworth.

Meeting called to order at 12:10 p. m. by President Sal Truettner. A treasurer's report was made by Treasurer Billie Forbes, and a list of bills was presented. Motion by Bill Kraus, seconded by Chuck Kroll, that this report be accepted and the bills paid. All Ayes.

New members: Manager Longworth submitted the names of three new members for approval of the Board; Grayling Colonial Motel, Recreation Fishing Club, and George Mumford. Motion by John Latuszek, seconded by Bill Kraus, that these businesses and people be accepted into the Chamber membership. All Ayes.

Michigan Week: Pres. Truettner reported that the Woman's Club of Grayling is furnishing hostesses for the Historymobile May 14 and 15, and that Appreciation Day tickets were nearly gone.

Skin Diver's AuSable River Cleanup: Chum Longworth reported that the many last minute details have been completed. News releases have gone out to newspapers, radio and TV. We have been notified that Michigan Outdoors, the Detroit News, and WXYZ Detroit will be covering the event.

Sports Car Race: Manager Longworth reported on the several recent meetings with Will Henderson of the SCCA, and that things are shaping up so that it looks like this will be the biggest race yet.

Grayling Festival Days: Manager Longworth reported that response from the merchants on the suggestion of a Grayling Festival Days to be held June 31, July 1 and July 2 has been very good, and a general meeting of merchants will be held at an early date.

Visiting Guest: Mr. Harry Collins Manager of the Otsego Chamber of Commerce, spoke before the Board on the values of Chamber participation in outside Travel Shows. He stated that although costs for such participation were relatively high, the returns in publicity and new visitors to his area were worth the effort and money spent. The Otsego Chamber participates in these Travel Shows independently and three in conjunction with E. M. T. A. He stressed the importance of personal contacts in the shows and further stated that all members of the Otsego Chamber are fully aware of the value of their participation and have readily accepted higher membership dues to cover this new phase of promoting. Mr. Collins concluded his statements before the Board that the Otsego Chamber feels, because of competition from other northern areas, that they must promote in new and different ways to keep pace with the times.

Motion by C. Kroll, seconded by Bill Kraus, that this meeting be adjourned at 1:15 p. m.

Next meeting to be held May 26, 1966.

MARGE ROPER, Sec'y.

Moore and 10th District First Vice-
President Beryl Moore, past 10th
District President Geraldine Muth
and First Vice-President of the Le-
gion Auxiliary Unit 106 of Grayling
attended the 10th District meeting
held in Osceola on Sunday, May

made by the over one hundred peo-
ple attending. On the local people's

chicken with all the trimmings was
served. Afterwards the Memorial

St. Mary's Ladies Club Report

St. Mary's Ladies Club held
their monthly meeting Tuesday,
May 17, at the Parish Hall. The
annual picnic for pupils of St.
Mary's School will be held June
7 at the Hartwick Pines, as report-
ed by Mrs. Robert Hanson, School
Guild Director.
The Father and Son breakfast
will be served by the club on June
19th with Mrs. James Duley and
Mrs. James Bourrie, co-chairmen.
As Hartwick Pines is a busy
place during the summer months,
it was decided to hold a family pic-
nic in early September.
The ladies voted to order an-
other supply of cookbooks and they
will also serve a dinner to a group
of 90 seniors from Hemlock in
June.
They also voted to make up 5-lb.
packages to be sent to Viet Nam.
These will contain baby clothes,
in fact, clothing for all ages. Seems
Sgt. Jim Bishaw, who is stationed
over there, in a letter to his mother
Mrs. Fred Bishaw told of the dire
need of the people and asked that
she contact some organization to
take over the project. The club is
to pay postage charges, however,
if individuals would like to do it
on their own they may do so. A
day will be set in the near future
for things to be brought to St.
Mary's Hall for packaging. These
will be sent to a center in Viet
Nam presumably Catholic, and dis-
tributed to families whose homes
have been bombed and whose pos-
sessions have been lost as a result.
Many have nothing but the clothes
they are wearing. An address will
appear in the Church Bulletin.
Slides titled Plant Seeds to Make
America Beautiful were shown by
Mrs. Bourrie which Mrs. Duley
narrated and the gardens were

beautiful. Petunias seem to be the
most sought after flower. Slides
were by courtesy of the National
Garden Bureau.

On the lunch committee were
Mrs. Leo Lovely, Mrs. Jack Trud-
geon and Mrs. Floyd SanCarter.
The centerpiece was petunias.

phase last week in Chicago. The next review will be August 17th, when we go in for working agreements and contract bids. Just as soon as we are able to get a few more local legal documents, we can finish purchasing the property within the site area and then we can let the demolition bids and clean everything up. We do not like all the debris that is around from burning and tearing down the buildings which have already been purchased, but with government contracts, they have to be on an advertised bid even for the demolition, so we can't let out the bids and clean up the area until we own all the property. We trust we will be able to have it all cleaned up the first part of June.
